

PRODUCT INFORMATION SHEET

Joni

Vinyl Station

Showcase 100 to 300 records
Sustainably made in Australia from
100% recycled post consumer plastic.

MATERIAL

20mm thick
100% recycled post consumer HDPE
plastic (milk bottle lids, shampoo bottle etc)

PRODUCT USE

Facilitates the process of choosing and
playing vinyl, whilst introducing a feature
piece of furniture in your home

MAINTENANCE AND CARE

HDPE is a durable material. Dust can be
removed by wiping with a damp cloth

FIXINGS

Steel screws and PVA glue has been
used in construction. Steel screws can
be recycled at end of life

WARRANTY

3 years

PRODUCTION

Made in Australia, from recycled HDPE
plastic sheets made locally from
Australian post consumer waste
